

## **Billy Shaw's Exhumation**

Several of you have called regarding an update on the Billy Shaw exhumation. Sheriff Harris wanted me to let you know that an autopsy was performed yesterday in Huntsville, at the Alabama Department of Forensic Sciences, and we are awaiting the results. We still have information and persons of interest and that are being investigated, in cooperation with the District Attorney's Office, and hope to be able to make an arrest soon. Obviously we will continue to update you all as more information becomes available. Thanks, and have a good weekend!

### **STANNA GUICE**

Executive Assistant to Sheriff Jimmy Harris
